NOTICE: WATER AND ELECTRICITY READINGS

We have not been able to obtain a reading for your electricity and water consumption for more than 3 months.

As previously communicated through the DFA, all electricity and water meters belonging to the municipality should have been read monthly.

Please ensure that you either allow access to your property or provide Sol Plaatje Municipality with a reading by 30 June 2025, failing which you face possible termination of your electricity supply and your conventional meter will be replaced with a prepaid meter, effective June 2025.

Readings must be sent to: readings@solplaatje.org.za. For any clarity please do not hesitate to contact Lesego on 0538306456

Hope and trust that you will find it in order.

Yours sincerely,

L.K. Samolapo
Acting: Chief Financial Officer
