a better way to pay

Advantages of enhanced bill payment service

1

The enhanced bill payment service will ensure that all Municipal Customers get their account statements monthly through the embedded digital channels.

In our experience from other Municipalities the postal service is a challenge, hence an inference can be drawn why the low payment levels in most Municipalities.

2

The enhanced bill payment service will bring cost savings to the Municipality through reduced mailing costs.

3

Overall the enhanced bill payment service will significantly increase the collection and payment of accounts for Municipal Customers.

The service will enable the Municipality to better engage with their customers through the platform.

Various Online Payment Options

Available payment methods

EasyPay by Bank

Credit / Debit Card

VISA

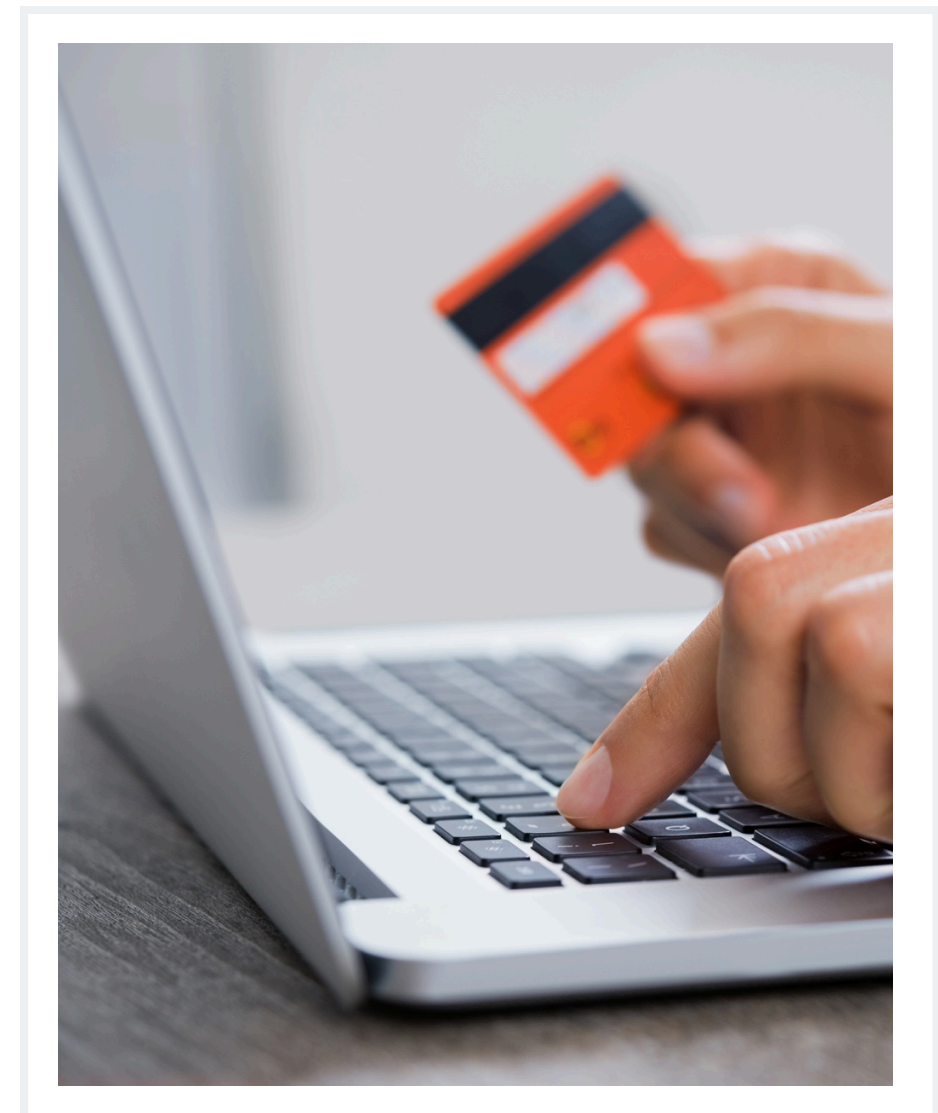

AMERICAN
EXPRESS

Instant EFT with Ozow

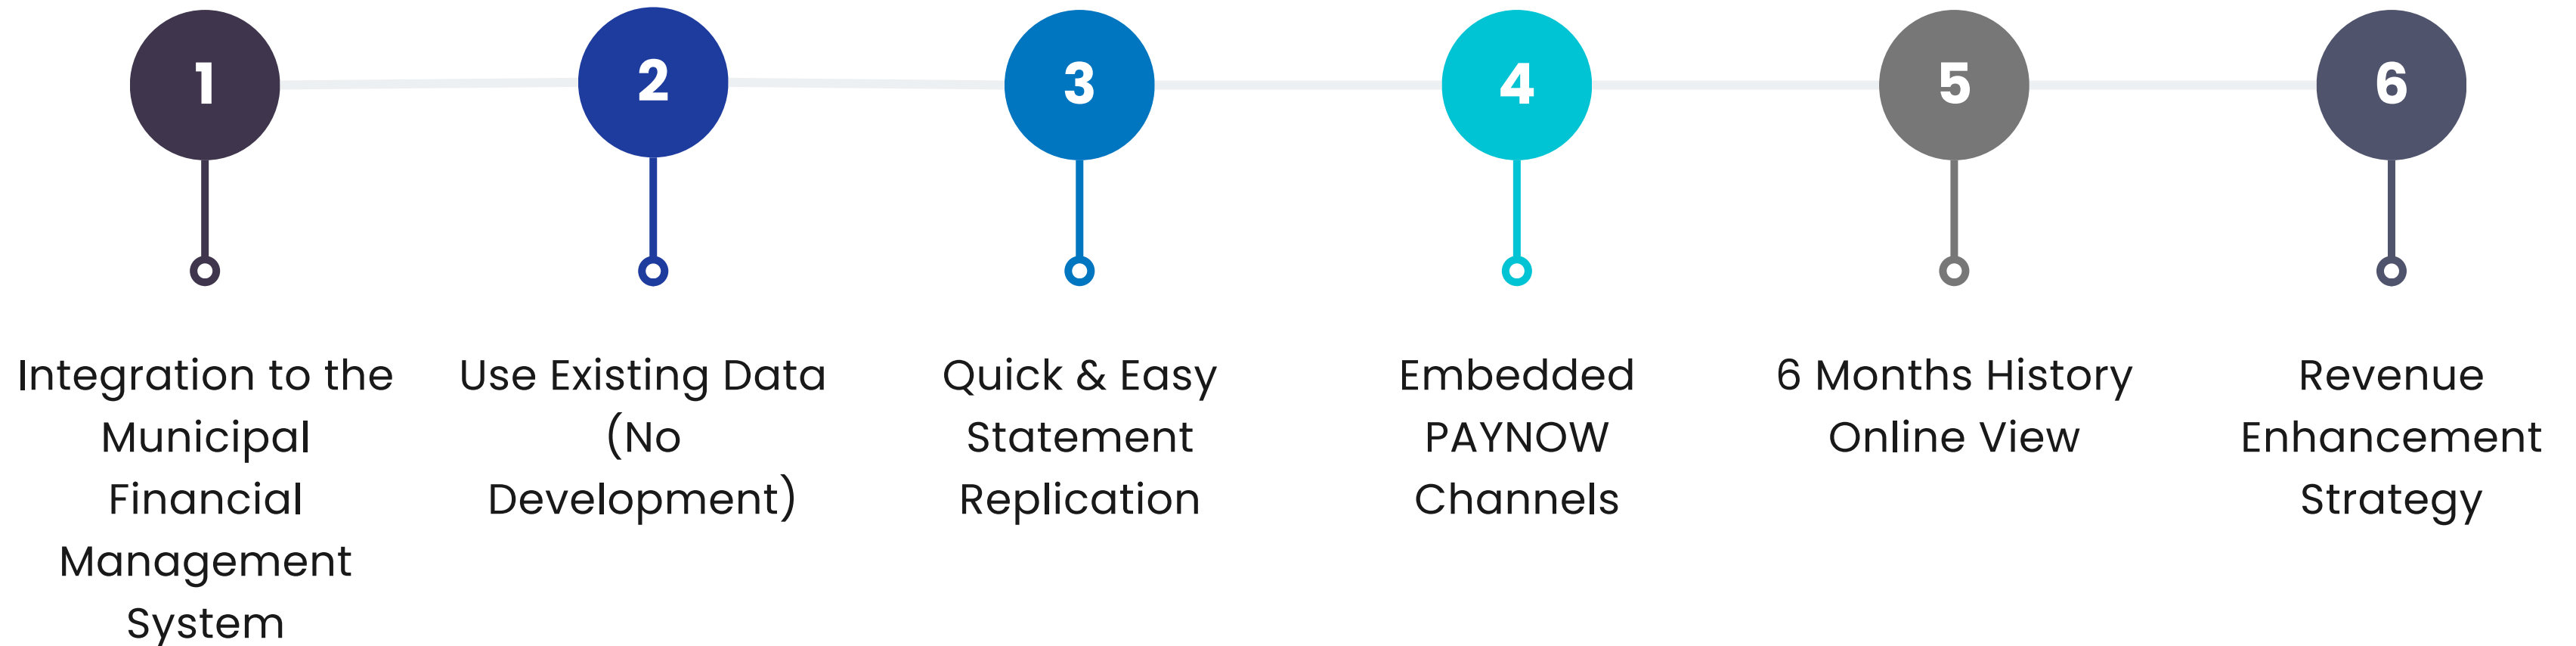

Capitec Pay

Revenue Management System (RMS) eBilling Module

eBilling Services Include

Municipality Onboarding

Account Setup

This includes a formal introduction to the Revenue Department and the assignment of a dedicated account manager to oversee implementation. The setup requires minimal IT involvement, as our team works closely with your Financial Management System (FMS) vendor to ensure a seamless and efficient rollout.

Get your own white label site

This includes supplying your existing statement data, registering your municipal domain, and developing mockups for both your statement design and domain artwork. Once approved, we import the necessary data to ensure your site is fully customized and ready for launch.

Streamline client payments

Present your statements through the newly created platform and activate your EasyPay payment options.

Customer Awareness

Communication is Key

We go the extra mile by reaching out to your customers through SMS and emails, ensuring they are well-informed about our brand and new online portal. Our dedicated Communication Department actively engages by sending out notifications and updates.

Educational Support

We assist your communication department in creating publicity about the PORTAL and educate customers on how to use your MUNICIPAL ACCOUNT NUMBER and ID NUMBER to access your account.

Continued Support

We share a comprehensive user guide for the convenience of your customers.

Our Extensive Network of Integrated Vendors includes

BCX

Solar

Munsoft

Sage

Sebata

*“These trusted partnerships
enhance our capabilities,
ensuring you have access to
top-class services
and solutions.”*
